

# ER/01 (2020)

The Official External  
Resolution (ER/01) adopted  
by the Malaysian Model  
United Nations Congress

September 2020

## ER/01 (2020)

---

### **This External Resolution (ER/01) was adopted by the Model United Nations Congress 06/09/2020**

Author: Malaysian Youth Association for Diplomacy and Policy (MYADP)

Signatory: KLASS, MCKL, Sunway, CLHS, IIUM, Monash, UNM, BAC, Tenby SEP

Purpose: To consolidate a standardised Rule of Procedure for MUN in Malaysia, To ask the MUN Institutions to follow the Bullying and Harassment Guidelines

*The Malaysian Model United Nations Congress,*

#### Preamble

*Understanding* that as of now, the Malaysian MUN Scene does not have a standardised Rule of Procedure for two of its most popular procedures, HMUN and THIMUN. This has led to some nuances in the procedures to vary between conferences, causing confusion among delegates and sometimes chairs;

*Creating* a standardised Rule of Procedure that follows the essence of HMUN and THIMUN, while preserving some of the well known nuances that Malaysians are more familiar with, will allow for chairs and delegates to be more confident in their use of these Procedures;

*Also being aware* of the issue of harassment and bullying in the Malaysian MUN Scene, knowing that as an academic extracurricular that encompasses the values of the United Nations, bullying and harassment should have no place in this scene

*Requesting* for the adoption of the proposed harassment and bullying prevention guidelines so that MUN Conferences in the future can still be a safe environment for delegates to explore perspectives in political issues while maintaining professionalism that is expected from Model United Nations

## Operative

1. Recommends that all members of the Institutional Chapter to use the HMUN and THIMUN Rule of Procedure that has been created by MYADP
  - a. Institutions are free to make their own personalised design for their delegate handbooks, but the content of the procedures should abide by the standardised version
  - b. Institutions are also recommended to use this standardised procedures for their training sessions so newer members will immediately be accustomed to the procedure from the start
  - c. Institutions are also requested to apply this clause to any other future MUN Rule of Procedures should the MYADP introduce it.
  - d. Institutions are able to request for an amendment to any of the standardised Rule of Procedure, even those that fall under sub-clause(c), however this would require an agenda item to be set in the MUN Congress and to have it written as an external resolution.
  
2. Calls for the adoption of the Policy Procedure for Harassment/Bullying in MUN for all MUN Institutions and their respective conferences
  - a. All MUN Institutions that ratify this clause shall have the full support and assistance of the MYADP, even without partnership agreements, to be a consultant in this issue;
  - b. All MUN Institutions shall also be provided assistance in implementing this procedure should they request it, assuming that MYADP has the capacity to provide resources needed to implement;
  - c. All MUN Institutions are to note that the “awareness networks” scheme as prescribed in Section III of the Harassment and Bullying Policy Procedure document are largely recommendatory directives and as such MUN Institutions should constantly review the aforementioned scheme for major revisions or consult the author concerned in the prescription of said scheme;
  - d. Also call for all MUN Institutions to work in good faith when it comes to a sensitive topic such as this.
